HFRR Humidity Cabinet; Temperature Control Unit (TCU)

Changes to the ISO 12156 Standard

We have developed the TCU to ensure all our customers can meet the revised ISO 12156 requirements even in extreme lab conditions.

We anticipate the revised standard to be published later this year with the main changes being the **tighter** limits for temperature and humidity ranges – see Figure 1 for fill details.

To follow the progress of the ISO revsioisn please see the ISO website: https://www.iso.org/standard/72481.html
